

Hello!

Thank you for asking about authentications. I'm happy to do them for you!

The prices are on the Take-In form. Please print the Take In Form and send it to me with the Jewelry so I know who it belongs to when it arrives. If you are paying by check, please make the check payable to Jewelry Nerd Enterprises and sent the Take-In Form, Jewelry and Check to:

JNE (do not spell out the name on the package as any package with Jewelry in the name becomes a security risk from theft)

JNE
P O Box 10039
Towson, MD 21285

- If you are paying via PayPal, please send payment Friends and Family to nmogavero@gmail.com and write on the Take-In form that you have already paid via PayPal.
- I cannot insure items that are not in my possession, so please write in the amount you paid for the items on the Take-In Form so I know how much to insure the items for on their return trip to you and if you would want them insured while being shipped.
- The process should take two weeks total and often will be finished in a shorter time period. Items that require advanced metal analysis will take longer.
- DO NOT SEND PACKAGES BY UPS OR FEDEX. Those carriers will not deliver to a post office box. Please send by the United States Postal Service. Registered mail is the safest and least expensive to high priced items.

Thank you!!

Nicholle
